SUMMARY

Ambitious Software Engineer specialized in web development using React and Laravel. Passionate about building scalable, efficient, and user-centric applications. Driven by strong desire to create technology that makes a real impact on the world.

EDUCATION

Bachelor of Computer Science

2021 – present

Jazan university

GPA: 4.70

Relevant Coursework: Web Programming, OOP, Software engineering, MySQL, Data Structures.

EXPERIENCE

Tuwaiq Academy

07/2024 – 08/2024

instructor

Contract

- Taught two "صفيك ذكي" program batches at **Qassim University**.
- Created engaging Python programming lesson plans.
- Encouraged creativity and **problem-solving** in a collaborative setting.
- Received **positive student feedback**, boosting interest in technology.

King Abdulaziz City for Science and Technology (KACST)

06/2024 – 08/2024

Software Engineer

Internship

- Built a health tech platform as both a website and mobile app using Laravel, React, Flask, and Inertia.
- Worked with the AI team to integrate their models into the software.
- Involved in R&D to test and develop new features and technologies.

The Garage

06/2024 – 08/2024

Front-End Developer

Internship

- Built responsive interfaces using React, TypeScript, and Tailwind CSS.
- Integrated APIs to enhance front-end functionality.
- Strengthened collaboration via Git/GitHub practices.

PROJECTS

Blog API

Nest.js, TypeScript, Mysql

- Developed a RESTful API using Nest.js and TypeScript.
- Implemented CRUD operations for blog management and secure user authentication with JWT.

Munjez - منجز

Laravel, Sqlite, React, TypeScript, Tailwind

- Built a responsive task management web application using React and TailwindCSS
- Integrated CRUD operations via Axios with a custom Laravel API.
- Converted Figma designs into functional React components, maintaining design accuracy and performance.

COURSES

Tuwaiq Academy - طويق أكاديمية

Web development with "Django" (Back-end)

Sani - صانع (Sponsored by Misk)

Software development with "Nest.js" (Back-end)

SKILLS

Languages: HTML, CSS, JavaScript/TypeScript, PHP, C#, Java, Python.

Developer Tools: Figma, Git - GitHub, Unix, Bash, Firebase, Vercel.

Framework: React, Laravel, Nest.js, Android Studio.

Soft Skills: public speaking, team leading, teamwork.
